

Golfing on Captiva Island.

The Lee Island Coast is a golfer's paradise with so many courses that an avid golfer, playing 18 holes per day, 7 days a week, would not play the same hole twice for nearly two months! In fact, there is more golf per capita here than just about any other place in the country. That includes public courses, semi-private courses and private clubs. And there's a course to match every player's skill level from challenging championship courses to the less difficult "executive" courses popular with many players. And playing a round or two on the Lee Island Coast is a natural scenic adventure as well, with golf courses located right on the Gulf shore, on the bays, or bordering a tranquil river inland. All offer spectacular experiences playing through the natural beauty of the area.
